ΞON

A high-performance computing solution that fits your palm

Citrus EON

The Citrus EON, equipped with an Intel Celeron/ Pentium Silver processor, offers five easily accessible USB ports, including a reversible USB 3.1 Gen1 Type-C port. It also features various video output options with HDMI 1.4 and HDMI 2.0, along with the latest 802.11ac Wi-Fi. A small form factor designed to promote green computing, combined with the convenience of easy mobility to meet the basic functionality needs of home users and SMEs, the Citrus EON is an excellent value-for-money Micro PC which is ideal for day to day user applications, smart signages, cloud computing and POS applications.

Features:

- Compact, quiet fan less design
- Exceptional customization capabilities with Dual storage
- Dual HDMI
- USB-C connection along with built-in Wi-Fi and Bluetooth
